

## Guidelines

### 1. Proposal submission

There will be a two-stage submission procedure: pre-proposals and full proposals. Both pre- and full proposals must be written in English and submitted to the Joint Call Secretariat (JCS) by the coordinator through the electronic submission system exclusively ([LINK](#)). Pre-proposals must be submitted by the project coordinator before **10.03.2026, 14:00:00 CET**. Please use the template below, you can delete the guiding instructions in *italic font*. Call deadlines are final and will be strictly enforced. The electronic system will not allow submissions after call deadlines! For further information, please contact the Joint Call Secretariat (JCS): ANR, France. Contact person: Anthony Petit, phone: +33 (0)173548141, email: [BrainHealthCalls@agencerecherche.fr](mailto:BrainHealthCalls@agencerecherche.fr)

In order to make sure that your proposal will be eligible for this call, please collect the information required to tick all the sections below before starting to complete this application form.

#### General condition:

- As coordinator and on behalf of the PIs of <acronym> proposal, I give my consent to the EP BrainHealth to disclose information included in this proposal related to the objective of the project to interested patient organisations in order to promote further collaborations and obtain feedback.

- The consortium includes an early career researcher (ECR) according to the criteria described in the call text.

Please note that inclusion of an ECR is not mandatory, although considered in the evaluation. If in doubt, please contact the JCS and the respective funding agency.
